Efficiency Incentives

1-16-20

WATT**SMART**®

 **ROCKY MOUNTAIN
POWER**
POWERING YOUR GREATNESS

Residential Incentives

- The Rocky Mountain Power **wattsmart** efficiency program offers customers/contractors/builders **incentives** for installing electric efficiency measures.

- Incentives are available for multiple measures*.
- Some incentives are available for retrofits and new construction:
 - Smart Thermostats
- Not all “retrofit” incentives are available for new homes (at this time):
 - Heat tape timers
 - Evaporative Coolers
 - Whole House Fans (HERS points)
 - Heat Pump Water Heaters (HERS points)
 - Air Source Heat Pumps (HERS points)
 - Geothermal Heat Pumps (HERS points)
- New Construction
 - HERS
 - Stand-alone measures

***electric to electric conversions only**

Expired

+ \$500 to contractor

* Available only for existing electrically heated homes.

** Previous water heater must have been an electric storage water heater.

Overview

- Rocky Mountain Power HERS and smart thermostats incentives can be combined with Dominion Energy incentives.

2X =

New Construction Incentive Paths

New Homes

3 or fewer units
per foundation

Multifamily

Multifamily
properties in Utah
with **four or more
units**

Overview

- The Rocky Mountain Power **wattsmart** New Homes program(currently) offers Builder/developers **incentives and marketing support** for building homes that are more efficient than the Utah energy code requires.
 - Incentives are available for new homes that obtain qualifying RESNET HERS scores.
 - There are also “bonus” incentives for ENERGY STAR certification and/or “stand-alone” items.
 - Smart thermostats
 - High efficiency air conditioning
 - HERS incentives are higher for homes that do not have access to natural gas.

Building Wattsmart® homes for Utah

If you are building above-code homes, we offer cash incentives that fit every project.

New home incentives

Qualified New Homes requirements SINGLE-FAMILY HOMES <i>3 or fewer units per foundation</i>	Incentive	
	ELECTRIC HEAT	GAS HEAT
Performance measures		
HERS Index Score 62-56	\$350	\$175
HERS Index Score 55-49	\$600	\$300
HERS Index Score 48 or lower	\$1,000	\$500
ENERGY STAR® V3	\$25	\$25
Standalone measures*		
Central air conditioner 15 to 16.9 SEER	\$100	\$100
Central air conditioner 17 to 19.9 SEER	\$200	\$200
Central air conditioner 20 SEER or better	\$350	\$350
Smart thermostat	\$50	\$50

For properties with 4 or more units per foundation, please visit rockymountainpower.net/multifamily for details on our customized multifamily program.

*Up to two central air conditioner incentives and two smart thermostat incentives for each qualifying single-family home.
